

Greetings!

WASHAA's 3rd Annual Meeting is our next big event coming in November! We are focusing on health advocacy as a whole and want to ask a simple question: Does Health Advocacy Matter? We hope you will join us on November 13th at Cambia Grove in downtown Seattle for ample discussion about how and why health advocacy matters not only in Washington State, but nationally. Our attendance has increased every year, so we ask that you please register early to reserve your seat. We have special discounted pricing for all the early birds out there, but be quick to sign up as the special pricing ends this Friday, October 2nd. You can register with us [here](#) at the discounted rate.

Lastly, WASHAA's 3rd Webinar covering "Understanding Medicare Coverage" with Dianne Walkup last week was a huge success! A big thank you to all of those who viewed the webinar live with us. For those of you unable to attend live, we have our webinar hosted online via our website. Register to watch the webinar [here](#). Dianne Walkup covers:

- Understanding how Medicare works - Part A, B, C, D
- Understanding which parts of Medicare you may need and what you will pay
- Identifying supplemental insurance options and costs (medi-gap vs medicare advantage)
- Identifying tools and resources to get further information on specific medicare choices

We look forward to seeing you in person this coming November. Email us with any questions you may have about our upcoming event at info@washaa.org or visit the event website [here](#).

Sincerely,

Robin Shapiro

Chair, WASHAA Board
